One-way-roads

I would like to recommend we make one-way roads on High Point Ave (heading west), Kinston Ave (heading west), and on N. Shore Drive (between Neptune and Broadway).

- a. High Point Ave – the reason I am making this recommendation is because the road is so narrow and the traffic coming off the round-about is turning left there causing traffic to back-up while they wait to turn. I think minimizing the traffic to one direction on this road will make it safer and help the flow of traffic.

- b. Kinston Ave – the reason I am making this recommendation is because the traffic cannot make a left on it anyways, so it is causing people to cut through Ward Realty which is not fair to that business. The road is also narrow and people have to drive off the road to pass an on coming car.

- c. N. Shore Ave (between Neptune and Broadway) – The reason I am making this recommendation is because we are going to install a pedestrian walk there to go from the park to the beach access. Currently there are cars coming from 3 different directions and it creates a dangerous intersection for pedestrians. I want to make it where traffic will come from one direction so the pedestrians will have a safer crossing. Cars continue to blow through those stop signs because of the awkward turn of the road. This would make this road safer and could potentially add an option to add parking on the road by making it one-way.

SEE ATTACHED

As chair of the Step Forward and Moving Day committees, for the Parkinson's Foundation, I coordinated event layouts and schedules as well as volunteers, along with ongoing fundraisig efforts.

I have taken immense pleasure in both planning and executing landscaping projects around my own home and look forward to using that experience to benefit my new community.
